

List of Sites & Links: Renewable Sources of Energy, Connecticut Envirothon Webpage

Basic Information for National Envirothon 2024

[2024-Current-Issue-Part-A.pdf \(envirothon.org\)](#)- Review these to begin.

Key information to know:

- What is energy?
- How is it measured?
- How is it used?
- Sources for electricity?
- Challenge to meet clean energy needs for carbon reduction is to produce higher amounts of electricity to support growing demands by 2100.
- What are Connecticut's goals?
- How do Connecticut's goals support national goals?
- How do they support international goals?

Connecticut Policies and information

What are the goals for providing clean energy sources to meet electrical demand for future in Connecticut?
